

**§ 10.336 What are the time frames for submitting bills?**

To be considered for payment, bills must be submitted by the end of the calendar year after the year when the expense was incurred, or by the end of the calendar year after the year when OWCP first accepted the claim as compensable, whichever is later.

**§ 10.337 If OWCP reimburses an employee only partially for a medical expense, must the provider refund the balance of the amount paid to the employee?**

(a) The OWCP fee schedule sets maximum limits on the amounts payable for many services (see § 10.805). The employee may be only partially reimbursed for medical expenses because the amount he or she paid to the medical provider for a service exceeds the maximum allowable charge set by the OWCP fee schedule.

(b) If this happens, OWCP shall advise the employee of the maximum allowable charge for the service in question and of his or her responsibility to ask the provider to refund to the employee, or credit to the employee's account, the amount he or she paid which exceeds the maximum allowable charge. The provider may request reconsideration of the fee determination as set forth in § 10.812.

(c) If the provider does not refund to the employee or credit to his or her account the amount of money paid in excess of the charge which OWCP allows, the employee should submit documentation of the attempt to obtain such refund or credit to OWCP. OWCP may make reasonable reimbursement to the employee after reviewing the facts and circumstances of the case.

**Subpart E—Compensation and Related Benefits**

**COMPENSATION FOR DISABILITY AND IMPAIRMENT**

**§ 10.400 What is total disability?**

(a) Permanent total disability is presumed to result from the loss of use of both hands, both arms, both feet, or both legs, or the loss of sight of both eyes. However, the presumption of permanent total disability as a result of

such loss may be rebutted by evidence to the contrary, such as evidence of continued ability to work and to earn wages despite the loss.

(b) Temporary total disability is defined as the inability to return to the position held at the time of injury or earn equivalent wages, or to perform other gainful employment, due to the work-related injury. Except as presumed under paragraph (a) of this section, an employee's disability status is always considered temporary pending return to work.

**§ 10.401 When and how is compensation for total disability paid?**

(a) Compensation is payable when the employee starts to lose pay if the injury causes permanent disability or if pay loss continues for more than 14 calendar days. Otherwise, compensation is payable on the fourth day after pay stops. Compensation may not be paid while an injured employee is in a continuation of pay status or receives pay for leave.

(b) Compensation for total disability is payable at the rate of 66⅔ percent of the pay rate if the employee has no dependents, or 75 percent of the pay rate if the employee has at least one dependent. ("Dependents" are defined at 5 U.S.C. 8110(a).)

**§ 10.402 What is partial disability?**

An injured employee who cannot return to the position held at the time of injury (or earn equivalent wages) due to the work-related injury, but who is not totally disabled for all gainful employment, is considered to be partially disabled.

**§ 10.403 When and how is compensation for partial disability paid?**

(a) 5 U.S.C. 8115 outlines how compensation for partial disability is determined. If the employee has actual earnings which fairly and reasonably represent his or her wage-earning capacity, those earnings may form the basis for payment of compensation for partial disability. (See §§ 10.500 through 10.520 concerning return to work.) If the employee's actual earnings do not fairly and reasonably represent his or her wage-earning capacity, or if the employee has no actual earnings,
